

IZBUSHKA

THREE BEARS

IZBUSKA-THREE BEARS is a construction set for the building of the Russian cottage 'Teremok'. It's a game for children from 4 years. The construction principle is based on the traditions of Russian architecture, namely on the method of the construction of izba (cottage). When became convenient with the rules of the game, your child can reproduce his own models. The construction will force your child to use his own creative forces.

When he likes the construction work his next present will be Teremok-1 or Teremok-2. These extensive sets gives the possibility to make more storied houses.

The material is of natural birch tree. In this special edition you will find also furniture for making the house comfortable
